As Clubwomen we focus much of our time on promoting the education of others. **Epsilon Sigma Omicron (ESO)** is an avenue for us as individuals or as a group to further our knowledge and education. Epsilon Sigma Omicron is an honorary educational society open to all per-capita dues paying GFWC members. ESO provides clubwomen with a structured reading program that is educational and stimulates a desire for self-improvement.

Through ESO, clubwomen are given direction in planned reading for self-enrichment and personal growth. Many GFWC clubwomen have profited from this unique self-improvement program, seen as vital by the members it directly benefits. ESO provides clubwomen with a structured reading program that is educational and stimulates a desire for self-improvement. ESO goals include:

- Encouraging clubwomen's pursuit of higher education
- Creating an additional means to unite women in volunteerism
- Developing a support network for women returning to school
- Improving current and develop new study skills
- Stimulating systematic home reading and study with minimal supervision
- Encouraging the establishment of home libraries and greater use of public libraries
- Encouraging the formation of reading/study/discussion groups

Members can participate in ESO as part of a reading group or on their own. The program provides membership, awards and certificates, pins, reading lists, and a framework in which to pursue continued self-improvement through reading. Many clubs combine club programming with ESO related activities, such as reading awareness and book promotion.
