“EDUCATION IS FOR IMPROVING THE LIVES OF OTHERS AND FOR LEAVING YOUR COMMUNITY AND WORLD BETTER THAN YOU FOUND IT.” — MARIAN WRIGHT EDELMAN

Education for all is the key to acquiring the knowledge to succeed in our ever-changing world. Whether it be in the classroom or via the internet we gain the knowledge and understanding that forms our perspective, our ideas, and our opinions. It is important that society provide the best education to all with no exception to race, ethnicity, gender, or community.

STEM (Science, Technology, Engineering, and Math) education has come to the forefront encouraging students to pursue careers in the STEM fields. Students learn through interaction, problem solving, creativity, communication, and collaboration. We must inspire our youth with this approach to learning to meet the challenges of the future and enable them to be successful individuals.

Public libraries serve a critical purpose and essential role in our communities not only from books and resources but also as a safe place to meet, learn, and study for all ages. Shining light on public libraries is an important mission to meet the needs of its patrons and the community. They offer free access to all people for information through books, online services, classes, workshops, etc. Libraries can be a safe place for children and adults to learn and interact with friends. Librarians and other staff are the keys to the success of your library in planning events, ordering books, and assisting patrons. Financial support of our libraries is most important, and we must encourage our local and state government to make libraries a priority for funding.

In the 1930’s, women’s clubs were credited by the American Library Associations as having founded over 474 free public libraries and 4,655 traveling libraries. Supporting local libraries continues to be a Federation priority today. Above all, be supportive of your library and implement a project at your library your club can be proud of. Seek out the history of your library. Was it started by a women’s club? Collaborate with the library to share its history and promote its many benefits and opportunities through your club social media and events to inspire the community to use and support the library.

Epsilon Sigma Omicron (ESO) is an honorary educational society open to all per-capita dues paying GFWC federated clubs. The purpose of ESO is to provide clubwomen with a structural reading program, which is educational and stimulates a desire for self-improvement. Are you an ESO member?

As clubwomen, GFWC members promote education in both children and adults. Projects in the Education and Libraries Community Service Program are designed to foster schools, as well as other educational institutions and opportunities, and to promote libraries, literacy, and the love of a good book. Through these efforts, we encourage the growth of individuals and communities at home and around the world.
COMMUNITY CONNECTION INITIATIVE: BRING THE SPARKLE TO PUBLIC LIBRARIES

Establish a working relationship with librarians at your local libraries to plan beneficial services, programs, and activities. Libraries bring people together. Engage your members to participate with their ideas, talent, and time. Bring cohesion to the Education and Libraries by helping people learn and grow by offering training classes for all ages: computer skills, lunch and learn workshops, GED, ESL, literacy, current topics for seniors, and more.

Collaborate activities with your schools to enhance enthusiasm for students to use the library for reading and resources. Create programs for teens with an emphasis on issues they face daily using library resources. Is there a need for a book delivery service for shut-ins or books on tape for the visually impaired? Sponsor a contest to name a library mascot or to design a button or bookmark. Be creative and enthusiastic.

Other Ideas:

- Advocate for local and state funding for your library.
- Volunteer at your local library.
- Donate books to public libraries including books on STEM and STEM careers; teach a class.
- Honor your librarians on National Librarian Day April 16, 2023, and April 16, 2024.
- Celebrate library recognition days (see calendar at ala.org) with social media posts.
- Partner with daycares and summer camps on reading activities for children.

SEEDS READS PROGRAM
The GFWC Fine Arts Club of Bruce (MS) collaborated with the University of Mississippi’s SEEDS Reads Program about food insecurity and food-based STEM education. Members assisted with distributing weekly packets containing lunches and a food-based STEM activity with supplies and a book for children. STEM activities were literary-themed, based on *Jack and the Beanstalk* and *The Pop Corn Dragon*. Four hundred lunches and packets were delivered to various places.

LAUNDRY LIBRARY LEAGUE
The GFWC Parkersburg Woman’s Club (WV) initiated the first Laundry Library League in their state. The club partnered with the organization to provide children’s books in nine laundromats with a total of 120 books to start the first library. Members began book drives and collected, purchased, and stamped the Library Laundry League’s logo on each book. The 19 club members rotate weekly to maintain the library.

LITTLE FREE LIBRARY
The GFWC Tifton 20th Century Woman’s Club (GA) received 20 used metal newspaper boxes from the local newspaper company. The club creatively repurposed the boxes into Little Free Libraries. They hosted decorating parties with members and local Girl Scout troops, who repurposed the boxes to be placed throughout the community with free books.

BEST GALA THAT WON’T HAPPEN
The GFWC Evening Chapter of Mesquite Club of Las Vegas (NV) adapted their annual holiday craft charity auction, which funds student scholarships, to the “Best Gala that Won’t Happen” event. Invitations were sent and donors were asked to cozy up at home and send donations to the scholarship fund if they were able. Three female high school seniors were chosen to receive the $1,500 scholarships. Funds were raised for both the current and next scholarship year.

EDUCATION

- Establish a scholarship for a local student using these steps:
  - Determine the purpose of the scholarship (reason for awarding it and the target audience, for example—the scholarship could be in honor or memory of a club or community leader, or it might help a student with a special need). Consider a scholarship for a trade school.
  - Set a timeline (including development, fundraising, advertising, application evaluation, award presentation, etc.).
  - Create the application (incorporating components that fit the purpose of the scholarship, such as essay, resume, transcripts, financial need information, letters of recommendation, etc.).
  - Determine the duration of the award (one or multiple years).
  - Determine the funding source.
  - Select the recipient and plan the award presentation.

- Advocate for and assist children and adults with special needs by:
