“Only those who care to fail greatly can ever achieve greatly”
Robert F. Kennedy
A new year is here, and I’m reminded of the song “Feeling Good: by Nina Simone -- It’s a new dawn, It’s a new day, It’s a new life for me.” While not quite a new life, this new year does mean both an end and a new beginning for me. In a few months, my time as GFWC Massachusetts Director of Junior Clubs will end and I will hand the Junior Membership gavel to Marisa Jablanski as she is installed as GFWC MA Director of Junior Clubs. I know Marisa is ready to take on this role after attending the Orientation for the 2022-2024 GFWC Board of Directors. I also attended this Orientation where my new beginning will include being a member of the 2022-2024 GFWC Fundraising and Development Committee.

As I write this column, I know Junior Membership clubs are busy writing their reports and emailing them so they can be distributed to the Junior chairmen for review. I look forward to reading those reports describing how, regardless of the impact of the pandemic, you have all been honoring the Junior Pledge “living each day, trying to accomplish something, not merely to exist.” I look forward to celebrating your successes at the upcoming GFWC MA Combined Annual Meeting.

At the recent GFWC MA Combined Midwinter Meeting, this Director described how for Junior Membership, this meeting begins anew a Midwinter (January) Meeting held in the even-year of each administration. A proposed Bylaw change to have a single Secretary as an officer of Junior Business was on the agenda and the vote carried with a proviso that the change would not take place until after the GFWC MA Annual Meeting 2022. The slate of officers for the next administration was announced: Elizabeth (Beth) McKeon (GFWC Marlborough Junior Woman’s Club) Assistant Director; Sarah Sargent (GFWC Agawam Junior Women’s Club) Recording Secretary; No Nominee Corresponding Secretary; Elizabeth Young (GFWC Marlborough Junior Woman’s Club) Treasurer. Congratulations are extended to all the nominees who met the challenge of Kristina Higbee, GFWC Director of Junior Clubs, to “Stick Your Neck Out.”

So, I end this with some words from another song, "Circle of Life"

It's the circle of life  
And it moves us all  
Through despair and hope  
Through faith and love  
'Til we find our place  
On the path unwinding  
In the circle  
The circle of life

In Junior Friendship,

Katie Robey

Tips from the Prez ~

February is Teen Dating Violence Awareness Month

The theme for TDVAM 2022 is “Talk About It”. Talk About It is a call to action for young people and those who support them to engage in meaningful conversations about healthy relationships and navigate what may be unhealthy or even abusive relationships. The GFWC Signature Program Committee is encouraging our clubs to visit: https://www.loveisrespect.org/ for more information.

The awareness color for teen dating violence is Orange. Please wear Orange and encourage as many people as you can to wear something orange in honor of Teen Dating Violence Awareness Month and to promote respect and healthy relationships!

TDV includes four types of behavior:
- Physical violence
- Sexual violence
- Psychological
- Stalking

Teen dating violence, also referred to as “dating violence”, can take place in person or electronically, such as repeated texting or posting sexual pictures of a partner online without consent. Unhealthy relationships can start early and last a lifetime. Teens often think some behaviors, like teasing and name-calling, are a “normal” part of a relationship. But these behaviors can become abusive and develop into serious forms of violence. However, many teens do not report unhealthy behaviors because they are afraid to tell family and friends.

Is your Club sponsoring a Teen Dating Violence Forum at your local high school?

Memorial Education Scholarships: Applications are due March 1st!

PUBLIC HEALTH / MENTAL HEALTH

MENTAL HEALTH and PUBLIC HEALTH are continuing as the focus areas for the GFWC MA Memorial Education Scholarships for Graduate Studies 2022. But LOOK a little closer!

Do you know anyone doing post-graduate work in Environmental Health? Epidemiology or Nutrition? Biostatistics and Analysis or Public Health Administration? Maybe School Counselor? A Clinical Social Worker, Family Therapist, or Psychiatric Nurse Practitioner?

Many career paths fall under the umbrellas of Public Health and Mental Health, and we want to support bright, dynamic young women who are making a difference in these fields.

Memorial Education scholarships are awards of $3000 available to women with Massachusetts residency. The application can be downloaded from the website at Memorial Edu Ap (gfwcmass.org)

Scholarships are major to our mission as clubwomen. Please help spread the word about the GFWC MA scholarship opportunities and the application deadline: March 1, 2022. Announce this at your next club meeting. Put notices in your club newsletters and on your club Facebook page. Tell your family and your neighbors! The scholarship selection committee hopes to have many qualified applicants to review in March.

“LOVING YOUR HEART”

Nearly 80% of cardiac events can be prevented, cardiovascular disease continues to be a women’s greatest health threat. Cardiovascular disease claims the lives of 1 in 3 women every day. Did you know stroke is the nation’s number three killer?

Warning Signs & Symptoms of Heart Attack and Stroke

Heart Attack:
1. Pressure, squeezing pain in center of heart
2. Pain or discomfort in one or both arms, back of neck, jaw or stomach
3. Shortness of breath
4. Breaking out in a cold sweat, nausea or lightheadedness

Signs/Symptoms of Stroke:
1. Sudden numbness or weakness of the face, arm or leg
2. Sudden confusion, trouble speaking or understanding
3. Sudden trouble seeing or blurred vision on one or both eyes
4. Sudden trouble walking, dizziness, loss of balance
5. Sudden severe headache with no know cause

Heart attack and stroke are life-or-death emergencies—every second counts. If you think you or someone you’re with has any symptoms of heart attack or stroke, call 911 immediately.

Don’t Die of Doubt when an emergency strikes, hospitals are still the safest place—even during a pandemic. Calling 911 at the first signs of a heart attack or stroke it’s better to be safe than sorry.

Learn CPR

CPR has changed it’s Hands-Only now. It’s easy to learn it can save a life. Most fire stations hold classes, call your local station and sign up. If you think someone is having a stroke, note the time when the first symptoms appeared. A clot-busting drug received within 3-5 hours of the start of symptoms may improve your chances of getting better faster.

HEALTHY EATING

HEALTHY EATING  (you might not like my next statement bear with me)

Sometimes it’s not the diet---Sometimes we don’t lose weight because we were never taught how to eat right. There are many good diets available and people do lose weight with them, however, it becomes your lifestyle, meaning don’t stop what works for you.

Learn to add color to your diet. It makes the plate of food enjoyable.
Make cooking fun not a chore.

Continued on page 9
Health & Wellness continued from page 8

Sharpen up your cooking skills take a cooking class or watch the Cooking channel or Pinterest. Eating Smart helps you lose weight and keep it off. Being satisfied with 2-3lbs a month taking it off slowly helps to keep it off.

Healthy Lifestyle also includes:
- A good night’s sleep
- Stress management---YOGA/Meditation
- Quit Smoking
- Limiting your alcohol

FITNESS

Walking, joining a gym or the YWCA, get advice from a trainer, take fitness class to strengthen your muscles, YOGA, SPINNING. Don’t want to go to a gym at this time then use your phone. There are plenty of fitness apps and do it at home. Almost every city and town has a Senior Center. Please take advantage of the health and exercise class available as well at your YWCA.

Having said that---”You Need to take control of your life and your body because no one else can do this--only you. Please set aside time everyday to improve your body, your mind and your heart. Guess what your heart will love you because you’re loving your heart.

PETS

Pets and your health they create bonds, make you happy, they are company especially if you live alone, they do silly things, make you smile and can drive you crazy at times. My personal opinion get fish -- they make you smile and don’t eat your personal belongings.

REMINDERS

If heart disease runs in your family see a cardiologist and if you have high cholesterol and high blood pressure it’s wise to have a consultation to see how often you should have an EKG, stress testing, cardiac USN of heart and arteries.

Wear RED on Friday Feb 5th take a picture and post on Facebook and state “why you are wearing red”.

The heart is the vital center and source of one’s being, emotions and sensibilities it’s the repository of one’s deepest and sincerest feelings and beliefs.

Braintree Women’s Club

At the Braintree Women’s Club November meeting the coordinators of the BASHY, Braintree Alliance for Safe and Healthy Youth program were invited to educate the members on their services provided to Braintree students. BASHY’s mission is to provide a community wide effort to support both school and community programs and projects which promote comprehensive school health and human services including health education, tobacco, alcohol and other prevention, a safe and healthy environment, nutrition and wellness. Their programs included addressing issues of Domestic Violence, especially Teen Dating Abuse.

We listened with special attention to the information provided by The Director of Nursing Services, Kristin Houlihan. In May of 2018 our ladies had the pleasure of awarding Kristin our Women Helping Women Scholarship for $1000. This is an annual scholarship given to a local woman who is returning to school to advance her employment opportunities. That particular year, despite all efforts to promote the award there were no applicants as we approached the application deadline. The club then decided to redirect the money towards increasing the high school scholarships. Two days before the meeting when members were to vote to approve this decision, I received an application from Kristin. She was a nurse in the Quincy school system, a single mom, with two children in college and her goal was to gain the certifications she needed to advance in her field of School Nursing, especially as it pertained to Teen Health and Wellness. A more worthy candidate there couldn’t have been. The vote to increase the high school scholarships was not presented for vote but replaced with approving the Women Helping Women scholarship. With heartfelt appreciation Kristin accepted our scholarship presented to her at our Annual Meeting Banquet and used it to propel herself towards her goal.

At that November Meeting the Braintree Women’s Club saw the fruits of its commitment to community service and could not have been any prouder to greet the Braintree School System’s Nursing Services Director, Kristin Houlihan.

The Dennis-Yarmouth Women's Club continued the annual holiday giving to several charities. Though the club was not meeting in person they held several "drive through" donation days. Members came and dropped off all their donations for the various partner organizations they support. The club members donated 72 pajamas for A Baby Center. This support helped the center give each family a new pair for each child. In addition, Safe Harbor received $850 in gift cards. The Salvation Army distributed $350 in gift cards to their teen program. As part of their annual support both Housing Assistance Corporations and the Needy Fund received a $100 donation.

In support of local veterans club members donated $100 of new kitchen utensils and $750 in grocery gift cards to the Cape and Islands Veterans Outreach, Inc. The donations will support veterans moving into living quarters and at their food pantry.

The club is twenty-seven years old and provides an environment of friendship and service to support the educational, cultural, environmental and human need of our community.

Julia Ward Howe was the founder of the GFWC Massachusetts Federation. She served as the first President 1893 to 1898. Among her many contributions to American society is her famous "Battle Hymn of the Republic," and was co-editor and writer for The Woman’s Journal, which lobbied for suffrage and human rights. Julia traveled the world promoting Women’s Rights, Peace, Prison and Education Reform as a preacher, lecturer, and dignitary. She was seen as a bridge between Society and Reform and used her celebrity and social status to further her ideology.
