Gather, Connect, Encourage

shot @life

is a campaign by the United Nations Foundation that works to expand access to lifesaving vaccines for children in developing countries.

Launched in 2012, the campaign aims to decrease vaccine-preventable childhood deaths around the world. It mobilizes public and private resources to support global immunization work by partners like UNICEF, the World Health Organization (WHO), and Gavi, the Vaccine Alliance.

Our guest speaker will share the vision for this incredible organization with GFWMA.
