

2022-2024 COMMUNITY SERVICE PROGRAM

HEALTH and WELLNESS

Dale Fisher, Chairman E: dalegfwc86@gmail.com

Let's Get Fit Within our Communities: fit in body, in mind, and in spirit. To improve our wellbeing, we must address three key components: nutrition, disease prevention, and physical and emotional care. This Community Service Program aims to explore the various opportunities for awareness and advancement of each of these vital areas.

COMMUNITY CONNECTION INITIATIVE: PHYSICAL FITNESS – GIVE THAT GLIMMER AND GLOW

Community Connection Initiatives are designed to answer the need to build awareness and recognition of who GFWC volunteers are, what the organization accomplishes, and making GFWC recognizable in local communities. This branding effort assists in giving GFWC a more human side, which will help to build your recognition and grow your membership.

The Health and Wellness Community Connection Initiative encourages clubs to create personal and community activities to retain good health. Regardless of age, abilities, ethnicity, shape, or size everyone can experience the benefits of physical activity.

Ideas include partnering with a home improvement store and other service organizations to purchase and build playground equipment for a shelter or special needs facility, partnering with a sports store to provide fitness apparatus for a senior center or nursing home and sponsor classes in their use, or plan a fitness trail in your community.

So, let's Get Fit Within our Communities. Give and get that glimmer and glow that a physical fitness activity will add to life.
